

Just a note to say thank you to all for doing the signs and delivering them so quickly! We have been busy at the school with our open day and inspection and so apologies for not contacting you sooner.

Hi Kevin

I just wanted to let you know how pleased we are with the signs that you recently did for us. The Head Teacher was delighted with the high standard of work.

I would also like to compliment your staff, who were very helpful.

We will certainly be in touch when we need some more signs.

Many thanks

Hello

Thank you very much, we were impressed by your work. The designs we submitted to be printed onto sign boards were reconfigured by yourselves so that they would perfectly fit the size boards we wanted. Very helpful suggestions were given by yourselves as well when one of our designs was of poor graphic quality. The work was carried out quickly and we received our signs quickly. They were protectively packaged to minimise any damage during delivery. There was one error on one of our signs where a letter had been left out during print - however it was corrected and a new sign was sent to us quickly and free of charge which we were very happy with. We would definitely use your company again!

Many

thanks

Sue Johnstone – Humberstone Junior School

What did you like about our work?

How quickly the signs were put up around the school, how the rep that I met (Glen) was always available to help and how even at the last minute when I spotted an error on the art work it was able to be changed

Hi Jerry

I just wanted to say thanks for the signs that were installed today. They look great and your installation guys were totally professional, polite and installed them quickly and without any fuss.

Overall it has been a pleasure to work with Signs Now and compared to much of the work that has gone into our new building it has been completely painless!!

Many thanks

I liked the prompt response to any telephone conversation or email. I found you company efficient and did exactly what they said they would do. The banner we received was exactly to our specification and there was NO problem with it at all. We would definitely use you again and would also recommend you.

Thank you, Jackie
